A return home is the best part of the holiday season. For this year's Wish Book, we visited some homes in our nation's first colony, Virginia, to celebrate the timeless American holiday traditions . . . the gathering of family, brightly-colored decorations, sleigh rides, the aroma of fresh baking, the laughter of children, a special package, a quiet moment beside a crackling fire . . .

Colonial Americans wished
each other a merry Christmas
in person, presenting a calling
card at the door.

Many adorned the card with
ribbon, holiday scenes, and
Yuletide messages. The first
commercial Christmas cards
did not appear until 1846.

Seiko...the tone of the future

Sleek, racing-pro looks with the Roadsport. Revolutionary new watch is a time/speed analyzer. The rotary switch allows the user to set any predetermined distance and then calculate the speed per lap or speed for the entire race. Lower display shows elapsed time. Angled dial with curved magnifying lens is instantly readable—great for motorcycle racing. Digital readout quartz watch with day, date, alarm (battery incl.). Water-resistant (see p. 106). Plastic case with stainless steel back and band. Imported. Warranted by Seiko®.

Voice Recorder is just the thing you need to help you remember all the important little details you think of every day. Whenever you want to be reminded of something important, just press a button on the watch and record a quick message to yourself—a meeting tomorrow, phone call, plane departure. Will accept messages up to 8 seconds in length. Push another button and all the messages will be played back to you whenever you want. Quartz alarm chronograph with digital readout and day/date (battery incl.). Metal case with stainless steel back and band is water-resistant (see page 106). Imported. Warranted by Seiko®.

T 4 E 45491—Shipping weight 10 oz.\$195.00

Master Planner—the alarm chronograph that helps you remember the many things you have to do in the course of a day. Two alarms, each with a different tone. Can be preprogrammed with the times of important meetings, plane departures, telephone calls or reservations. In the time mode, when the preprogrammed time is displayed, the alarm will ring and a dot matrix picture of the activity will replace the day/date display as a reminder. Quartz metal watch (battery incl.) with stainless steel back and band is water-resistant (see pg. 106). Imported. Warranted by Seiko®.

The ultimate in a Jogger's Watch. This incredible new timepiece lets you time yourself in the distance you've run without the use of a conventional stopwatch. Small, remote control plunger attaches to watch. Simply set the predetermined distance you will be running, once you reach that goal, the alarm will go off. Just press the plunger and you will be able to see your average speed for the distance covered. Digital readout plus day/date (battery incl.). Water-resistant (see pg. 106). Metal watch with stainless steel back and band. Imported. Warranted by Seiko®.

Framed nylon luggage combines the best features of softside and hardside luggage: stuffability, yet shape retention. The steel frames inside help keep nylon covered sides rigid so your clothes don't slide around inside, yet the nylon "gives" enough to let you overstuff each piece.

ORIGINAL LEVI'S® SHRINK-TO-FIT BLUE JEANS

Low
as **\$16⁹⁹**

These straight-leg, 5-pocket jeans are made of 100% cotton that will shrink down for a fit like no other. Always use machine wash. Zipper fly on boys' sizes. Reinforced button fly on men's. Remember, your new jeans will seem too large at first, but after machine washing them 3 times in hot water, they should fit perfectly. Always order about three sizes above your measurement to the size you should order. Reduced from T407-44. Maximum Specials, page 7.

Teen & girls: Always use hot water, then order from chart below.

Hot news in winter warmth

Winterwear from whites to brights to warm chilly winter days. Two-layer construction creates air pockets that trap body heat—yet the fabric remains lightweight and the garment slim-fitting. The soft inner layer of **Modal®** polyester and cotton and smooth outer layer of **Kodel®** polyester and acrylic provide comfortable warmth without bulk. Flat lock-stitched seams and tape-reinforced neck and shoulders add strength and help prevent chafing. Union suit has 1-button vertical flap seat. Drawers have heat-resistant waistband and taped fly front. Machine wash.

Chest sizes: S(34–36-in.); M(38–40); L(42–44); XL(46–48); 2XL(50–52).

Waist sizes: S(30–32 in.); M(34–36); L(38–40); XL(42–44); 2XL(46–48).

Lots of good reasons to lounge around

Photographed at The Boyhood Home of Robert E. Lee, Alexandria, Va.

Colonial houses were small and often overcrowded. In addition to his own wife and children, the master would likely house various relatives—elderly parents, widowed aunts, orphans, etc.

(9-12) Gloves and mittens with Thinsulate® olefin, polyester insulation inch for inch its almost twice as warm as down so we use a thin layer where bulk is the problem and keeping warm is the challenge.

People in challenging situations, U.S. Navy divers, an expedition on Mt. Everest and the National Ski Patrol, all found that Thinsulate® insulation not only keeps them warm but it insulates well when damp, is durable and is machine washable—3 more pluses for one great fiber.

(1) Antique style Walrus Tusk-handled Knife The Charles W. Morgan, America's most famous whaling ship, was designated a National Historic Landmark in 1967. In commemoration of this great ship, Sears now offers a limited 3,000 beautiful antique walrus tusk-handled knives with a scrimshaw engraving of the Charles W. Morgan etched on the handle. Each is hand engraved and signed by the artist. The handle is made of authentic walrus bone ivory over 1515 years old and violates no state's endangered species code. A certificate of authenticity is included. The marlin-spike stainless steel was traditionally designed to open knots or separate strands of rope. Blade, bolsters and liners are stainless steel. The knife measures 4 1/2 in. long closed. Packed in solid oak frame with clear plastic cover, hanger for displaying. Also included is a pass to visit the original Charles W. Morgan ship at the Mystic Seaport Museum in Connecticut. Imported
T E 95181—Shipping weight 8 oz\$50.00

(2) Limited Edition Gold-etched Buck™ Knife A fine knife is a prized possession, especially one that blends hand craftsmanship with the beauty of a "Ducks in Flight" scene on the blade. The scene was created by Anum Etching, of Garland, Texas and is etched and filled with 22K gold, permanently bonded to the stainless steel blade. Natural-grain birchwood handle complements the design. This knife is limited to only 1,000, sequentially numbered and is accompanied by a certificate of authenticity signed by Charles T. Buck, president of Buck™ Knives. Stainless steel bolsters and liners. Knife is 4 1/2 in. long closed and includes hardwood rack for displaying.

**How to buy a present,
wrap it for shipping,
and send it across the country (often for
less than you'd pay to ship it yourself)
— all in just minutes
— with just one phone call**

SHIP-A-GIFT

Avoid the bother of sending packages yourself. When ordering a present for an out-of-town relative or friend, just tell the phone order clerk the name and address of the recipient. That's all there is to it. There's no need to pick up a package, wrap it for shipping and make a special trip to the post office because Sears will take care of it for you. Plus your gift will be shipped from our distribution center that's nearest to its destination, so you never pay more for delivery than the recipient would pay if she ordered the same item for herself.

Charge it: Pay for the gift with your Sears credit card. Or if ordering in person, you may wish to pay cash in advance. Sorry, no C.O.D.'s. Tax is based on the item's destination.

Choice of delivery or pickup: If requested, your gift can be sent for pickup to any of the 3400 Sears locations in the United States. Sears will notify the recipient.

Christmas delivery: So that gifts shipped within the U.S.A. will be received before Christmas, order before Dec. 12, 1983. Sears will also ship your gifts to foreign countries or APO-FPO addresses. Allow 30 to 60 days. Call any Sears selling unit for details.

**the perfect gift when you
don't know what to give**

Sometimes the "just right" gift is the one they choose themselves. A Sears gift certificate lets the recipient choose from over 100,000 items, and it's redeemable at every one of our 3400 locations, catalog and retail. Choose any denomination from \$5 to \$250 and we'll send it to you so you can give it personally. Or if you prefer, we'll send a gift certificate directly to the recipient in your name.

Gift Certificate... sent to you

16 XC 7420... State \$5 to \$250

NOTE: Orders for gift certificates cannot be used to obtain 10% Early Shopper's Discount described on insert under front cover.

Makes a perfect bonus or incentive award for businesses, too!
Your business can buy Sears Merchandise Gift Certificates with your company check or you can buy them on credit by completing a request for credit approval that we'll send you when you write to the address below. Terms are net 30 days. The certificates will be mailed to you via registered mail. You will be invoiced for full face value.

HELPFUL INFORMATION ABOUT YOUR SEARS CATALOG ORDER

SAVE THIS CATALOG

You can order any item on pages 145, 152-165, 168-171, 176-179, 258 and 463-611 at 1983 prices thru August 31, 1984 unless stated otherwise. All other prices in effect thru February 15, 1984 unless stated otherwise.

REGARDING OUR CATALOG PRICES

Following the policy in effect since our founding in 1886, prices quoted in Sears catalogs do not include (unless stated otherwise) charges for handling and shipping of goods from our Catalog Merchandise Distribution Center to a Sears catalog selling unit for pick-up, or for delivery to your home. The shipping and handling charges may differ depending on method of shipping, information on how shipping weights are determined and details on shipping and handling charges for shipping by USPS, UPS or non-Sears truck can be obtained from the yellow customer information pages of our Big Book. Specific details on charges for handling and shipping to a Sears catalog selling unit for pick-up or redelivery (if available) can be obtained from the unit, either at the counter or over the phone.

Prices in this catalog apply to orders placed by mail, telephone, telegraph or in person. Regardless of which catalog you order from, your order will always be filled at Sears lowest current catalog price.

Comparative pricing statements made in this catalog refer only to prices on merchandise offered nationwide through our own catalogs. Catalog merchandise prices and assortments may vary from those in our Retail Stores and between regional editions of a catalog.

ABOUT OUT-OF-STOCK MERCHANDISE

We make every effort to stock quantities of merchandise which we anticipate will be sufficient to fill orders until the expiration of this catalog. Since this catalog had to be prepared long before it reached you, and unexpected circumstances beyond our control can occur between preparation and expiration, occasionally an item you order may not be available when you order it. If an item you order should happen to be out-of-stock, here's what we'll do:

1. We will notify you as promptly as possible about the out-of-stock situation and give you our best information as to when a new supply is expected. If we don't anticipate being able to fill your order within 30 days, we will ask you to tell us whether you still want the item when it is again available. Naturally, if you tell us yes, we will charge you no more than the price in effect when you originally ordered.
2. At times we may send you an appropriate substitute item of equal or better value at the same price as your original order so that we may serve you faster. If the item is not satisfactory, you may of course, return it for a full refund, including shipping and handling charges.
3. If an appropriate substitute for the out-of-stock item is not available and it appears that additional stock cannot be obtained from our supplier, our only alternative is to cancel your order and provide a full refund.

We are constantly working to avoid any out-of-stocks, and we sincerely regret any situation, however occasional, where circumstances prevent us from meeting our goal.

COMMERCIAL QUANTITY ORDERS

The merchandise offered in all Sears catalogs is stocked in quantities intended to accommodate only individual or family needs. Therefore, we reserve the right to limit quantities in order to properly serve all of our customers. For details on commercial quantity orders, please contact Sears Contract Sales, Department 733G, Sears Tower, Chicago, IL 60684.

ENERGY COST INFORMATION

Additional energy cost information is available for refrigerators, freezers, dishwashers, clothes washers, water heaters, room air conditioners and central furnaces by writing to address at right. Tell us that you want energy costs and give us the catalog number. Your energy costs may vary from those published in this catalog because of local energy rates and how you use the product. Energy label information on the merchandise may differ from that in this catalog due to revisions in the energy costs provided by the government after this catalog was printed.

C.O.D. ORDERS

C.O.D. orders are accepted only for merchandise sent from a Catalog Merchandise Distribution Center to a Sears Unit. You may then pick up your order or arrange with your Sears unit for redelivery to your home (if available). If you request that your order be sent directly to you via USPS, UPS or non-Sears truck, you must include a money order, check or use your Sears Credit Account.

We do not ship C.O.D. orders for merchandise cut, engraved, printed or made to order, for merchandise shipped direct from factory or shipped to foreign countries or to anyone other than the person sending the order.

SHIPPING INFORMATION:

"N", "NH" suffix (such as 9-1234N) means that this item, if shipped directly to your home, is sent by motor-carrier. (See non-Sears truck information pages in our Big Book.) If you prefer, pickup your order at a Sears Catalog Selling Unit, ask about pickup charges. Home delivery through a Sears unit may also be available, please inquire.

Parts of your order may be shipped from points other than your distribution center and may therefore arrive separately at different times.

UNITED STATES POSTAL SERVICE (USPS)/

UNITED PARCEL SERVICE (UPS) SHIPPING INFORMATION

Service and parcel size restrictions limit our use of both the United States Postal Service (USPS) and United Parcel Service (UPS). For parcels qualifying for either USPS or UPS shipping, Sears will determine which method to use. With either shipping system, the table of Sears Shipping and Handling Charges for orders shipped by USPS/UPS applies.

USPS Restrictions. The parcel maximum weight is 70 pounds and the maximum size is 108 inches length and girth combined. Pay shipping and handling for actual weight.

UPS Restrictions. The parcel maximum weight is 50 pounds and the maximum size is 108 inches length and girth combined. This method of shipping is not available to P.O. Box addresses nor is it available on shipments within certain states.

To determine shipping and handling charges for USPS/UPS parcels, first find your Parcel Zone in the table below. Next, add the weights of the items that do not have a "C" or "L" in the suffix and find the charge for the total weight in the table below for your Parcel Zone. Figure separate charges for the weight of each item with a "C" or "L" in the suffix since each must be shipped separately.

Or cash orders include enough money for shipping and handling with your order since we must prepay parcels.

Or Credit Orders: Sears computes charges and adds them to your account.

SEARS GUARANTEE—Satisfaction Guaranteed or Your Money Back:

Whatever you buy at Sears, you have the right to use it for a reasonable time before you determine it is satisfactory and decide to keep it. If you decide it is not satisfactory, return it to us at our expense. We will do whatever is necessary to correct the cause of your dissatisfaction. If we can't satisfactorily provide a remedy, or if you request a refund, we will refund your full purchase price including appropriate delivery and finance charges and applicable taxes.

SEARS PLEDGE OF FAIRNESS

If, after you have decided to keep your purchase, it doesn't give you the service or performance you reasonably expect of it and there isn't a specific written warranty on the item that will satisfactorily correct the problem, please let us know. We want to make an adjustment you consider fair.

Tasty Christmas delights

Introducing the
WISCONSIN CHEESEMAN...
tasty treats fresh
from the dairy

(A thru E) Festive buttery batter Fruitcakes From our great old-fashioned recipe which calls for a butter-rich batter made with country-fresh whole eggs, high-score creamery butter. The butter batter is a lighter type fruitcake with vanilla used as the only flavoring, bringing out the full flavor of the fruits and nuts in each cake. No citrus peel or melon is used. After a traditional fruit and nut topping is added, each cake is slowly steam-baked and carefully glazed to help insure that it keeps its full-flavored freshness.

(A) Season's Delight Spicy Fruitcake Made with a hint of molasses, golden and dark raisins, whole cherries and walnuts. 48% fruit and nut content.

All our trees assemble in one of these easy ways:

Tiered panel. Multilayers of clustered branches hook onto pole for fullest, densest look.

Straight panel. Lengthwise strips form a section of branches for a full-looking, quick-assembly tree.

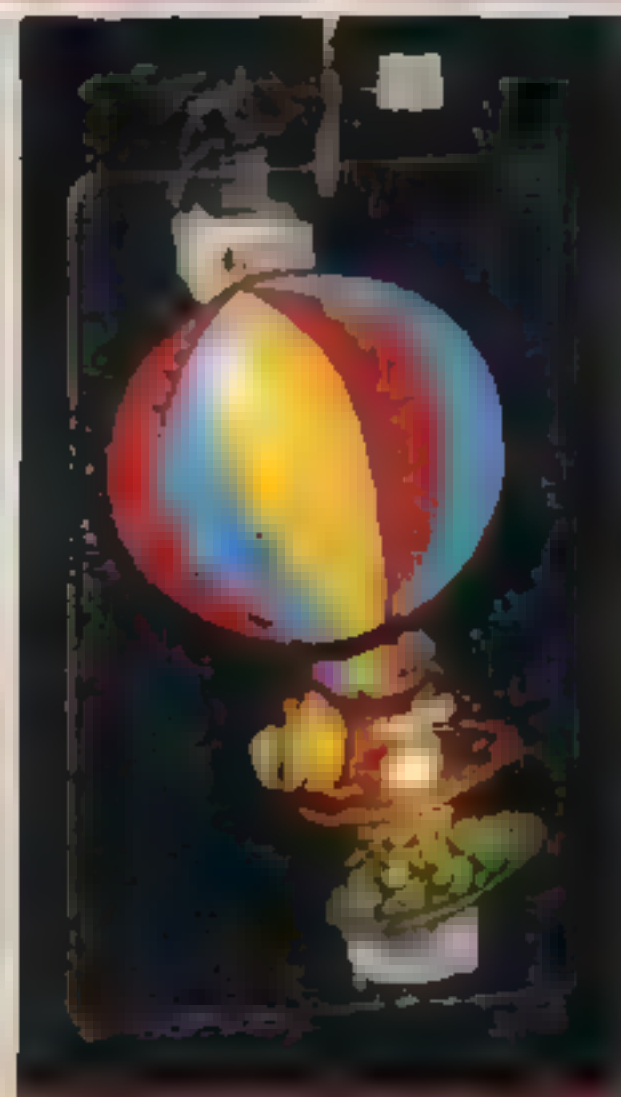

Preassembled hinge. Branches are pre-attached, all you do is simply open into place.

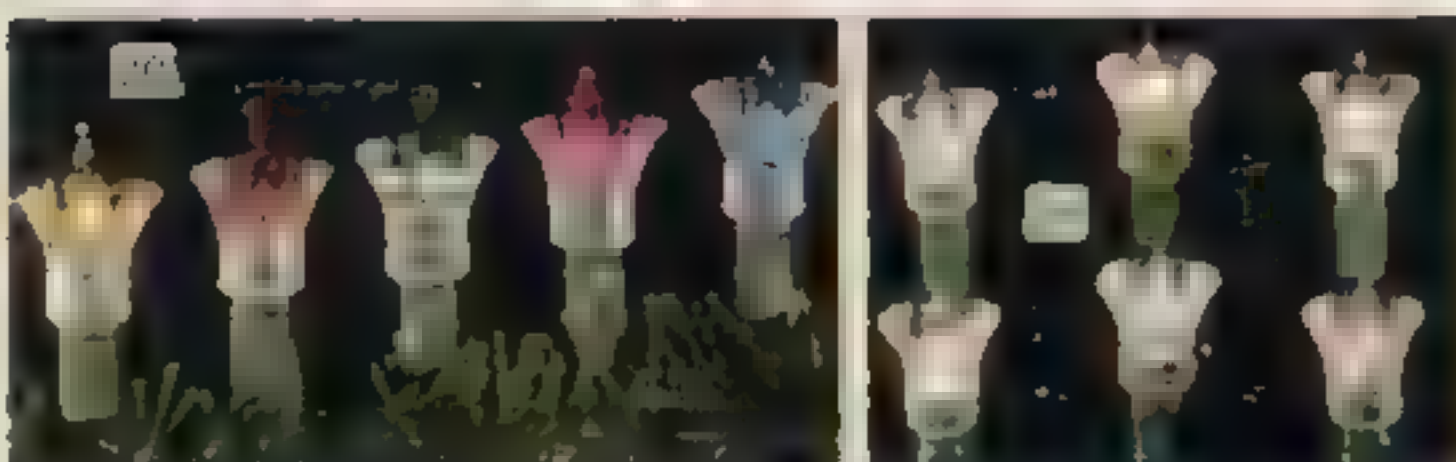

Unassembled hinge. Simply insert branches into hinge.

Fold-up-down. Pliable branches are permanently pre-attached, just unfold branches into place.

Stick-in. Coded branches must be inserted into pole.

Partly assembled. Tabletop trees come all set up, just place in tree stand.

Solid brass

**WISH BOOK
VALUE**

2-door Heat Screen™ 75 Firescreen PRICED \$60 LESS than our comparable Bi-fold Heat Screen™ 75, but still helps cut heat loss up chimney up to 75%†

Hearthwarming Gifts with the rich look of brass

(1 thru 25) are SOLID BRASS, others are lustrous brass-plated

(1 and 2) Cut heat loss up the chimney and give your fireplace an elegant finish with our Bi-fold Glass-door Firescreen. Lasting Solid Brass. Choose polished or antique finish to complement your room. 1½-in. thick solid brass frame is backed with 1½-in. insulation, has filigree panels on top and bottom. Shatter-resistant ½-in. tempered glass bi-fold doors have durable, full-length hinges and lift out for easy cleaning. Manual damper helps control heat loss. Pull-chain mesh curtain helps keep sparks in. Mount outside fireplace opening. Measurements must fall within exact width and height ranges given in chart below. Will not fit where bricks protrude around opening. Assembled Hardware, instructions included. See "How to Measure" below, right. See 1983 Fall Big Book for Sears specific written warranty or write for free copy, see p. 323.

The Distiller lets you enjoy bottled-quality water at home

(16) Never run to the store again to buy, then carry home those big, heavy jars of bottled water. The distiller is one of the easiest ways to enjoy delicious, healthful distilled water in your home, by eliminating up to 99% of the contaminants and minerals that cannot be removed by filters, softeners and other water treatment methods. The distiller turns tap water into crystal-clear drinking water that will also bring out the natural flavors of your cooking. Excellent for baby formulas, salt-restricted diets, steam irons, contact lenses and photo processing. Coffee pots and appliances stay cleaner and last longer.

Processes up to 1.4 gallons of water in a cycle. Just fill the stainless steel tank, plug it in and turn it on. Water is boiled and converted to steam, leaving behind the impurities. The steam is then condensed, passed through a filtering of charcoal and collected in the storage jug. Automatic shutoff when cycle is complete.

The compact stainless steel and high-impact plastic unit is only 16 in. high. Attractive appliance styling fits in with other appliances on counter top. Handy plastic storage jug can be stored in the refrigerator. Recommended for use with potable water supplies. Warranted by Shetland Mfg., to write for free copy see page 323. (1) Get thorough cleaning no matter what the job with our powerful 1-speed* Power-Mate® Vac. The unit's motor-driven beater-bar brush combs deep into carpet fibers and shakes loose even stubborn dirt. You'll even pick up dust gathering next to baseboards with the full-width brushing and suction action of Active Brush Edge Clean. And since the extra-wide beater-bar with double-row brush adjusts to 4 pile heights you can clean almost any carpet efficiently. Plus you can adjust the suction control to clean throw rugs, upholstery and draperies too.

You'll also have fewer operating problems—because overload protection helps prevent motor or belt burnout. Double filtration system traps dirt in 7 to 9-qt. capacity dust bag (replacements sold below) to help keep exhaust and motor clean.

Crevice tool, and floor, upholstery or swivel dusting brushes let you clean almost any surface in your home. All fit snugly on chrome-plated steel wands to extend your cleaning reach. Tools store in tote tray on top or inside of vac.

20-ft. auto-rewind cord paired with 7-ft. hose provides 32-ft. cleaning range. Full-width step on switch. See Note below. Reduced from 1983 Spring Big Book, p. 724. Shpg. wt. 34 lbs. Was \$319.95. 20 E 23981L \$247.95

Introducing the Know Phone™... the call screen machine that's smart enough to talk to you and your callers

(7 and 8) Each stylishly-designed unit greets your callers with its own friendly voice, saving you the trouble of having to record an announcement message yourself. The same pleasant voice helps to make operation of the unit even easier by telling you when the unit is ready to screen or record calls, or erase messages you've already heard. When you're home, the Know Phone™ screens your calls so you always know who's calling before you answer the phone. When you're out, it takes and records up to thirty 30-second messages on one micro-cassette (included). Your choice of two models: call screen machine alone, or the deluxe model featuring a built-in pushbutton phone with switchable Touch-Tone® rotary dialing and one-button automatic redial. Compact and lightweight, these units fit anywhere on small tables, countertops... they can even be mounted on walls.

Just plug the unit into any modular phone jack and AC electrical outlet, insert the incoming message cassette and turn it on... it's that simple. UL listed 110-120-v. 60 Hz AC. Warranted by Phone-mate®, write for your free copy, see page 323. See Installation Note on page 393.

Enjoy 2-way conversations or paging without having to dial a number using the compact Nomad® 600

Direct communications between the handset and the base unit are possible with the built-in base unit intercom. Two-way paging system allows a beep tone to be sent from base to handset (and vice versa) signaling the party on the other end.

The pocket-sized handset offers you a 700-foot operating range. Features a pushbutton dial pad, automatic redial button (which can be programmed for one-button dialing of a particular phone number), hi/low volume control, electronic ringer and low battery warning light. 5½x1½x2¼ in. Operates on rechargeable battery (included). Operating range may vary from distance specified depending on local conditions.

The base unit features a built-in security system.

System prevents anyone with another cordless telephone from using your phone line whenever your handset is placed into the cradle. Unit also acts as a storage and recharging station for the handset. Plugs into any modular phone jack and AC electrical outlet. UL listed. 110-120-volt 60 Hz AC. 7-foot power cord. Measures 6½x2½x7½ inches.

Keep other cordless phones off your line with the dual security systems of the pocket-sized EX-2600

This compact cordless telephone prevents unauthorized access to your phone line with two separate built-in security systems: one in the handset, the other in the base unit. The switchable guard tone system of the handset allows you to selectively lock your phone into your choice of two guard tones, creating your own private channel. The base unit AutoSecure™ system activates automatically whenever the handset is placed into the cradle.

The handset folds up to pocket size.

Offers you a 700-foot operating range and features touch-sensitive keypad, one-button automatic redial, plus ringer volume control. Measures 5½x1½x2¼ in. Operates on rechargeable battery (included). Operating range may vary from distance specified depending on local conditions.

Base unit's 1-way paging system

MURAPHONE®

The MP-800/801 system begins with a multi-function desk phone (which also serves as a base station for up to 5 cordless handsets) plus a remote cordless handset with a range of up to 1,000 feet (depending on conditions).

Thanks for the 32 memories.

Store up to 32 of your most frequently-called numbers, or MCI and bank authorization codes, and dial them from memory—from either the desk unit or the cordless handset—on a simple one-button command. A synthesized voice talks you through memory programming and operation and also recites, either singly or in sequential order, any numbers stored in memory.

Station-to-station-to-station-to-station-to-station

Full duplex 5-channel intercom system enables direct communications with any individual handset (without the others hearing) or up to 5 handsets simultaneously.

While on the intercom, if an outside call comes in, you can put either party on hold, so you can talk to whichever party you choose in total privacy.

A security code you can call your very own.

To prevent unauthorized access to your cordless phone line, you can choose from over 4,000 possible 4-digit security code combinations (for each of the 5 channels), creating private channels that shut out all other cordless phones. The desk unit, which also features automatic and manual switching from rotary to true tone dialing, plugs into any modular phone jack and AC electrical outlet. UL listed. 110-120-volt 60 Hz AC. 6-ft. power cord. Remote handset operates on rechargeable batteries (batteries and recharger included). See note below.

Nothing so smart was ever so simple...

TIMEX/Sinclair 2068 Color Computer

SO SMART—its 48K memory will track your family's budget, mortgage payments and tax-deductible items (it sure does beat a calculator on April 15th)

SO SMART—it'll teach your kids (and even you) the basics of communicating with and programming a computer... BASIC language built in

SO SMART—it'll deliver endless hours of fun and dazzling excitement as you work your way thru mind-boggling color games

Last but certainly not least

SO SIMPLE—you just unpack it (everything's included), hook it up to your TV set and... go to it!

All the computing power you may ever need... all for only **\$179⁹⁹**

Designed as a computer first, rather than a video game

(1) It's got 48K of memory power with built-in BASIC programming language. Vivid high-resolution colors and 4 simultaneous sounds. It has special features to set it above the competitors. One-Touch Keyword lets you program an entire computer word with a single key. This saves typing time and computer memory as well. Syntax Check and Error Report monitors your instructions and tells you if you've made an error, right away. Many computers let you write a whole program and try to run it before it tells you that an error was made. 64 character display allows you to also use it as a word processor. 42 full-travel keys on a typewriter-like keyboard. Includes AC power adapter, TV switch box, cables for hook-up to TV and any compatible cassette recorder and User Manual. Cassette and Cartridge programs sold below. Warranted by TIMEX Corp. Singular Picture, Dual Sound

You'd never compromise on picture quality, so why compromise on sound?

You'll enjoy TV viewing like never before when you hear the surprisingly realistic stereo effect created by our special sound system and 4 speakers on these Proformance remote control TV's

(1 and 2) Your TV springs to life with the added dimension of simulated stereo sound. Our "sound expander" brightens ordinary TV sound to where it almost seems like you're there. And you can further enhance sound with bass and treble. Naturally we didn't slight the picture. In fact our special comb filter pops out detail for a glorious color picture 20% sharper than usual. And to add to this great picture, our Super Chroma® black matrix picture tube brings in natural, vivid color that's balanced for you by an automatic color system. Individual controls, incl. sharpness, let you adjust picture. To top it off, these sharp images adjust to your room's light through light sensor. What about tuning? Our electronic quartz precision tuner brings in all channels without presetting incl. cable.* Then press any 2 digits to switch channels. Or scan all channels. You can do it all from your chair by using Channel Touch remote that also adjusts volume, mutes sound, turns set on/off and more. See Note, page 403.

See more picture with our "Squareview 20"

(1) You'll see more than just a 20-inch diagonal measure picture. This picture tube gives you corners standard tubes lose. And it's stereo-ready for future stereo TV (with adapter). Control panel pops out for remote use, commanding even video accessory. Brings in cable TV, up to 133 channels.* LED channel readout. Plastic, 28½Wx19¾Hx18¼D in.

**Our lowest price ever
for this
19-inch Color TV
with remote control**

Not just any 19-inch diagonal measure picture TV, but the hottest 19-inch TV of the Christmas season. That's right. This TV is packed with hassle-free features to let you sit back and enjoy your television programs completely.

After you plug it in, a little magic happens. Without doing another thing, all channels are automatically tuned in and are ready for your viewing. Our reliable quartz-precision electronic tuner does the trick. Now pick up your Channel Touch remote control, sit back and hit the power button. By punching any 2 digits, you'll make another channel appear. You also can scan all channels, adjust the volume or make the sound disappear with the mute button. Of course you can control your viewing right from the TV, too.

But does it have a good picture? No slight-of-hand here. You'll enjoy vivid, natural color that will stand up to any from our Super Chromix® black matrix picture tube. To automatically balance the color, tint, contrast and brightness of this great picture, we've added one-button color. And individual controls let you adjust picture to your taste. As a finishing touch, the light sensor automatically adjusts picture to room lighting.

This 19-inch Proformance Color TV delivers outstanding pictures on up to 112 channels*, and you command each one from your chair

\$489⁹⁹

Hey, this TV's priced \$49 less than a similar \$539.95 model (57-4237N) in our 1982 Christmas Book, p. 21. And with this 19-in. diagonal measure picture TV, you get the added advantage of having both time and channel readout flash right on the screen. In fact, if this TV had an audio output jack, you'd think this was exactly the same TV as last year.

So what else can it do? Well, for starters, all channels are automatically preset by our quartz-precision electronic tuner, so you don't have to fuss with them. Actually, you can just sit back and command the TV from your chair with our Channel Touch remote. Change channels directly, scan all channels, adjust volume, mute sound, jump between 2 channels, activate 30, 60, 90-minute sleep switch and more, without ever getting up. Plus if you don't want the little ones watching a certain channel, you can lock out 1 or 2 channels with our Channel Security feature.

As for picture quality, you'll enjoy a sharp picture that's 20% sharper than usual thanks to our comb filter. And this only enhances the vivid, natural color you get from our Super Chromix® black matrix picture tube. Push one-button color to balance picture to perfection. Then adjust to your taste with color, tint, contrast, brightness and fine tuning. The contrast is further enhanced by the tinted glass face for a super sharp picture. Plastic, 17½Hx24½Wx19½D in. Make your memories come alive . . . forever.
Capturing family fun, wedding joy or a baby's smile
has never been easier thanks to our featherlight 5½-pound
Saticon™ Camera that actually does the focusing for you

(1) Whether you zoom in for a close-up or pull back for a wide shot, crystal clear video is as easy as pointing the camera. Each image is automatically set to a crisp focus as you change shots, so you get great tapes every time. And to catalog your tapes, you can add time, date and titles right on the screen.

You can even use the stop watch-to-time any event.

Low light? This camera is so light sensitive, in most indoor situations, you'll get outstanding ghost-free pictures without floodlights. And you see exactly what the camera sees through the black and white viewfinder. Monitor the sound action picked up by front boom mike with the earphone.

The professional touch. The power to create quality shows is right at your finger tips. Add exciting fades, both in and out, or grab a dramatic close-up with the macro adjustment. And when you use camera with VCR (2), you can start or stop VCR, search forward and reverse, fast forward or rewind.

All of this without letting go of the camera—just touch the camera's remote switches.

Your tapes come alive with up to 6 times magnification from this 12.5-75mm F/1.4 zoom lens.

Auto iris, manual override. Adjustable viewfinder. See note, right.

Digital audio is awesome

Sound so clear, you can't believe your ears the first time you listen to a disc...or the one thousandth time

You've heard stereo before, but never like this. Treat your ears to music that sounds so real, you might just think it's the original. Our Compact Digital Audio Disc Player (CD) uses a sophisticated laser system to delicately lift the sound off compact discs for phenomenal sound.

No snaps, crackles or pops

Out of the silence comes full, dynamic stereo so clean and clear, it's virtually uncompromised by background noise. In fact, our CD delivers sound with wow and flutter so low, it's undetectable.

It's easy to operate

All you do is push the "open" button and the drawer slides out. Drop in a disc, push the button again to close drawer, hit play and you're ready for great music. You can also program the songs in any order you want.

Great sound for years to come

These discs are practically indestructible. You no longer have to worry about dust and dirt, fingerprints or even warping thanks to their tough plastic coating.

We'll even start your disc library

You'll get Vivaldi's The Four Seasons, Handel's The Water Music and Tchaikovsky's Symphony #5 all for only \$10 more

Compact Digital Audio Disc Player **\$589⁹⁹**

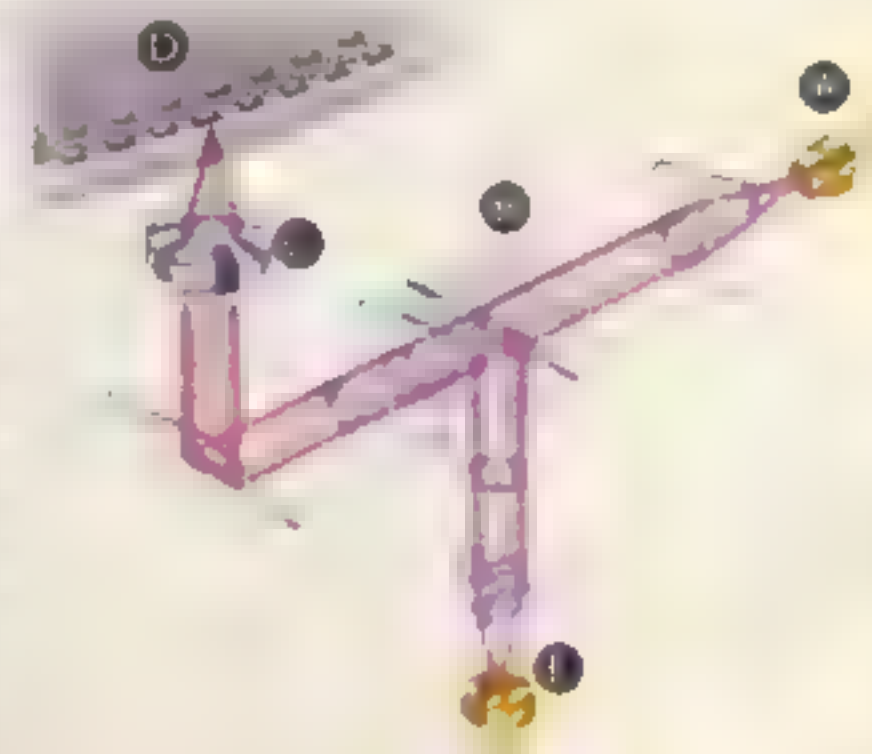

You'll enjoy up to 60 minutes of the best sound recordings you've ever heard on just one side of the disc. Since the disc rotates at a rate of 200 to 500 times per minute, we've added a special direct-drive motor that will play your discs at these high speeds. Progressive stereo's aux. or tape jacks. For all dedicated audiophiles, here are vital specs: Each disc is only 4 1/4" in diam. (actual size shown above). The frequency response is 5 Hz. to 20 KHz. Dynamic range, signal to noise ratio and channel separation are 90 dB or more. THD is 0.003% (1 KHz). Plastic cabinet, only 3 1/4" H x 13 1/4" W x 12 1/2" D. See Note, p. 409.

57 E 9750C—Shpg. wt. 16 lbs. Compact Disc Player alone **\$589.99**

EVERYTHING YOU EVER/NEVER WANTED TO KNOW ABOUT LASERS

A laser sounds boring until you hear it work. The beam from the laser diode (A) is reflected off the beam splitter (B) and focused thru the objective lens (C). This beam reads the musical information pits (D) on each disc and returns once again thru the lens and the beam splitter with the encoded music. This in turn is shot into the photo-detectors (E) and you receive clean, ear-pleasing music.

We've collected sensational components that are professionally matched to be perfectly compatible and to give you a Rack System to match your needs

30-watt Rack System gives you ample sound for truly fine stereo listening. Start with a cassette deck that operates at a touch of your finger, add a dependable belt-drive turntable, and throw in a pair of 8-inch, 3-way speakers and you have great sound with a price to match

Separate prices total \$599.91 **\$379.99**

A hefty 50 watts of sheer power . . . enough to satisfy most any stereo need. Couple this with a tape-copying dual cassette deck, the accuracy of a direct-drive turntable and have all the sound handed to you thru efficient 15-inch, 3-way speakers . . . a great sound value!

Separate prices total \$1049.90 **\$679.99**

(1 and 2) Because you want a sound system that matches your needs, we group components that match each other perfectly. You'll enjoy pinpoint tuning accuracy as you dial in your station on our electronic digital frequency readout, helped out by signal strength and tuning LED's. And when you're collecting your musical memories, your tapes will sound fine thanks to Dolby® noise reduction. You can make your recordings even better by using metal tapes and our 2-channel record level system.

Let's not forget the turntable. As the tone arm softly floats down to the record, prepare yourself for great stereo reproduction thanks to our magnetic cartridge. And when it's done, don't get up, the tone arm will automatically return. You can also adjust stylus pressure from 0 to 4 grams.

For separation, place the 3-way, wood-grain vinyl speakers up to 12 ft from the rack. Speaking of the rack, it has chrome-plated steel frame, holds up to 100 LP's. See Note p. 411. Sep. prices total from 1983 Fall Big Book, p. 850, 851 and our 1983 "W" Supplement, p. 50.

12.5-w. Matched Rack System has great sound at a great price

Look at this! It's priced \$220 less than the identical item in our 1983 Fall Big Book, page 851. And you get a set of super sounding ultra-light headphones as a Christmas bonus. Savoring of sound, you're gonna smile when you hear a clean 12.5 watt, minimum RMS per channel into 8 ohms. And that's with a power bandwidth of 90 Hz. to 15 kHz, with THD as low as 0.9% or less. What this adds up to is room-filling sound. And you can tailor those sounds to your taste with our 5-band graphic equalizer, loudness control and high filter. Or maybe plug in headphones or an extra set of speakers to hear these sounds in a new way.

Does anybody really know what time it is? You will whenever you're not using the radio thanks to our handy clock. But turn on your AM/FM radio, and up flashes the exact frequency of your station... that's the accuracy of electronic digital frequency readout and center-of-channel LTD.

Your tapes will sound grand, too, because we've put in separate right and left channel record level meters and volume controls to let you make the tapes your way, whether you tape from AM/FM records or live with 2 external mics. Or you can just play your albums and 45's on our turntable that has a ceramic cartridge and diamond stylus.

Any way you listen, you'll enjoy the sound from these 2-way bass-reflex speakers, each with an 8-inch woofer and a 2 1/2-inch tweeter. For sound separation, place speakers up to 9 feet away from each other. 1-piece system is built into a handsome stand that rolls anywhere and stores up to 100 LP's (not included).

(1) PRICED \$110 LESS than similar \$269.99 model 57 G 91846N in our 1983 Fall Big Book. The most exciting thing about this compact stereo is that you can take your favorite tape and make an exact copy. Place your tape in the play only cassette unit and a blank tape in the play/record side. Push the buttons and you have your duplicate. If you want to record from AM/FM, make sure your station is tuned in accurately with center-of-channel and signal strength LED's. You can also record your favorite LP's and 45's directly from your turntable with ceramic cartridge and diamond stylus or live with 2 optional remote mikes.

Any way you record, your music will sound fine delivered through our 2-way bass reflex speakers, each with a 6 1/2-inch woofer and 2-inch tweeter. Or use your headphones. Either way, adjust the sounds your way with separate bass and treble controls plus loudness and high filter controls. Silver-color vinyl cabinet measures 8 1/2 H x 16 1/2 W x 17 1/2 D inches. See Note below. See "■" suffix note, page 323.

(2 and 3) Otherwise, these compact stereos are identical in features. They both deliver good sound through a pair of air suspension speakers, each having a 5-in. full range speaker. Where do the sounds come from? Well, you can play cassette tapes. Or record them from AM/FM, records and even from other tapes. Of course you can just listen to the radio or your favorite LP's and 45's. Turntable has ceramic cartridge with diamond stylus. Accepts 2 remote mikes and headphone. Wood-grained vinyl cabinet. See Note below. Wt. ■ lbs.

(1 thru 3) For portable sound that really packs a wallop it's tough to beat Sears. We deliver BIG SOUND by the boxful with tone and balance controls enough to personalize it any way you like.

Press a couple of buttons and you'll be enjoying your favorite tapes or making your own from AM/FM or with two built-in condenser mikes. It's really surprisingly easy thanks to built-in goodies like automatic recording level, variable monitor and automatic stop.

Convenient LED's tell you that FM stereo reception, sound level and battery strength are just as they should be.

You say you want options? Jacks let you add external mikes, speakers and headphones. Runs on 6 D batteries (not incl.), p. 321 or AC. See NOTE below.

(1) Use this great-sounding system just once and you'll know instantly why two cassettes are better than one.

Imagine being able to make quick, trouble-free copies of your favorite tapes. It's a snap thanks to a synchronized dubbing system that keeps both cassettes running together at just the right speed.

One cassette plays, the other plays and records so you can play two sides in a row without interruptions.

Indexing is easy too with convenient pause control and handy tape counter.

Two 4-in. woofers and two Piezo tweeters deliver sound surprisingly large for a plastic cabinet just 8 1/2 Hx 21 1/2 Wx 5 1/2 D inches.

Put miles of smiles into your

Put rich stereo sound in the palm of your hand with this Cassette Player/Recorder

Your ears will tingle with the rich sounds flowing from these comfortable ultra-light headphones. To keep your ears happy, an anti-rolling mechanism has been added to reduce wow and flutter even on the roughest road.

For great sounding recordings, you might like to try metal tapes. Tape yourself or catch a lecture, built-in mike makes it easy. For skipping segments while taping, slide the pause control. Just add 2 "AA" batteries, clip it to your belt and you're ready to hit the road. 3 1/2"Hx4 1/2"Wx1 1/2"D inch. See Note, page 419. Shpg. wt. 14 oz. 57 E 21141\$49.99

And the music goes on with auto reverse in this palm size Cassette Player

You want your music uninterrupted? Try this stereo and you won't have to flip the tape to hear both sides. Auto reverse does the flipping. And these ultra-light headphones have sound so big, you might think you're on stage.

But some of my better tapes were recorded with noise reduction. No problem. That's in there, too. In fact, you can play your best metal tapes with confidence, finding songs quickly with cue/review.

Slip in 2 "AA" batteries and you're off. 3 1/2"Hx4 1/2"Wx1 1/2"D in. See Note, p. 419. Shpg. wt. 1 lb.

Casio's one-hand bands

(1) Listen, learn and create. Even if you can't play a note, you can still sample the best electronic music, right on your own keyboard. The Casio PT-50 is a teacher, too. Just slip in the ROM pack (order extras below) and professionally composed melodies set the pattern for you to follow. Store these tunes in manual memory, then combine it with chords and store this new sound in a second memory. Now add fill-in and other touches to make a composition you can play back the way you like it, by Auto-play, 1-Key play or just chords. You'll enjoy our 16 auto-rhythms from rock to swing to waltz while creating your own band with 8 preset sounds such as piano, violin and flute. You can even transpose songs to a key that fits. To help save batteries, incl., we've installed auto power off. Uses adapter sold right. See Note 1.

Rhythm Selection

Tap it, beat it or just sit back and listen to it
Even if you've never played before, you'll sound like a professional drummer with Synsonics™ Drums by Mattel. Does it sound like a real drum set? You better believe it! Thanks to an advanced, self-contained micro-computer, you'll tap out hits that sound remarkably realistic. And the harder you strike the pads, the louder they sound. Use fingers to get a bongo effect or try drum sticks for the sound of a drum set. Speaking of drum sets, that's the way the four pads are arranged: Snare, Tom-Tom, Cymbal and Floor Tom-Tom. You can program a variety of tempos and automatic beat patterns, tune tom-tom over 5 octaves and change cymbal from sizzle to closed hi-hat. You can even add bass which doubles as a metronome. Now start composing. 3 separate 16-beat memories let you combine memory with spontaneous play for creating thousands of songs. Listen through your stereo, stereo radio, amp or with headphones (not incl.). Uses AC adapter or 6 "C" batteries, not incl. See Note 2.

The "Bag II" Student Knapsack

We feel it has every feature you could possibly want in a student knapsack

Kids carry the oddest things to school. Candy, spare shoes, toys, and a rabbit's foot, just to name a few of the most important items other than books, pens and pencils. Sears set out to design a bag that would fit almost every kid's needs and would stand up to some of the worst abuse. "The Bag II" is made of heavily-coated storm-resistant nylon fabric, with double-stitched seams to help resist tearing. Special stitching at heavy stress points. 2-way top zipper concealed with rain guard to resist moisture. Accessory straps and loops for convenience in carrying and hanging.

New at Sears!

Most home video game systems are only as good as the TV they're hooked up to. Vectrex has no such limitations since it's completely self-contained—requires no hook-up to anything but an electrical outlet. Built-in 9-in. diagonal screen uses the same display technology as some coin-arcade games, for the same quality images and movements—including 3-D rotation and zooming. Solid-state circuitry delivers more power and speed than other home arcades. Full fidelity speaker is the same as many coin-arcade machines—can even produce realistic voices without any special attachment. Built directly into console is the fast-paced game Mine Storm. Detachable control panel features joystick and fire buttons. Whole panel slides under screen for easy storage. Warranted by G.C.E., see page 323. UL listed for 110-120-volt, 60-Hz, AC. INTELLIVISION *Entertainment Computer System*

Now you can make it smarter,
more programmable
and musically inclined

Your Choice **\$99.99**

Includes Burger Time

Intellivision II Master Component

You get more than just a game console. Includes Intellivoice (A) on facing page plus Burger Time cartridge all for one low price.

Computer Adapter
Add-on intelligence 2K RAM
(expandable to 16K RAM)

enhances graphic manipulation, sound capabilities plus the BASIC computer language is built right in.

Typewriter Keyboard

Now, program that added-on intelligence as function like a home computer. This keyboard included with the adapter.

Music Synthesizer

Now, just play. Play the notes on the keyboard to create a 6-note melody.

Mattel's Intellivision® has taken on some very unique functions: family education, BASIC computing and music. It all starts with the same advanced console that wowed the world but in a smaller, lighter, updated package. The Intellivision II Master Component. With it you play the same exciting games as with its predecessor, Intellivision I, but with these convenient refinements. Controllers are now completely detachable for easy replacement and have longer cords. And there's just one on/off/reset switch with indicator light on the console. The peripherals attach to either console so whether you own Intellivision I or II or Sears Super Video Arcade, you can still create a complete entertainment environment.

Put more intelligence at your fingertips

The computer adapter (2) expands the memory and sound capabilities of the master component. Attach the 16K RAM (random access memory) Expander (sold separately) and its capabilities shoot up to that of a home computer. Then the 49-digit keyboard, included with (2), expands your manipulation of this intelligence. Now you have a full-time, one-to-one tutor. Learn the BASIC computer language that's built right into the system. Then go to other educational programs.

Add of Video Memory Maker lets you play 6-note chords!

Together with the master component (1) and the computer adapter (2), the music keyboard (3) becomes a 6-note polyphonic synthesizer. Learn to read music even store your own compositions in the memory to play back later.

(1) Intellivision II Master Component. Includes Burger Time cartridge and Intellivoice™ (A) on facing page. Attaches to color TVs only. UL listed for 110-120 volts 60 Hz. AC. Warranted by Mattel; see page 323. Plastic only 12x8 inches wide. 49 C 75024—Shipping weight 5 pounds.....**\$99.99**

The Console

All the strength of a home computer already built in.
16K RAM (random access memory) recreates all the
frantic fun—plus generates more colors, an ardent
resolution plus trigger, blast, bangs and booms.

The Controllers

Armadillo control of starts and
resets, even a mid-game pause for
careful pattern scrutiny.

Trak-Ball Controller

Now your home system can be supplied with
one of the fastest controllers in the arcades.

New at Sears!

**Command Control
Deluxe Joystick**
The first adjustable joystick

It's called the SuperSystem, the mouse of home video games.

After you play it just once, you'll realize how different it handles. Just imagine, the power of a home computer generating arcade-quality images, sounds and action. It's bound to have a smoother feel. Just touch your controller and your moves are carried out almost instantly. Plus there are luxury features you'll not find elsewhere. Like the unique TV switch that changes to normal TV programming automatically when the console is turned off—no more reaching behind your set. Or leave the console on during your favorite TV show to retain the high scores. When you slide cartridges in or out of the receptacle, there's silence and the screen goes back—no irritating rasping or static. Storage is even made easier. Controllers fit neatly under cover at rear, cord wraps around base. Sleek design controllers have twin fire buttons for left and right handed players.

Extra controllers expand the arcade fee:

Smooth-rolling table-top Trak-Ball (2) has a heavy base so it won't slip even during a real workout. Command Control Deluxe Joystick (3) actually lets you customize its feel by adjusting the swing and speed. Plus the system includes all the hits, like Joust, Centipede, Kangaroo, Galaxian that play like their coin-arcade prototypes. It's the SuperSystem. And it lives up to its name.

First there's the basic console

capable of high-resolution graphics, precision game play plus a cartridge collection already featuring the cream of the arcade crop. Donkey Kong™ cartridge is already included! But what's a great game without great controllers? The basic controller comfortably combines an 8-direction joystick for split-second decisions with a 12-button keypad for more game options. All products are warranted by Coleco, to write for copy, see p. 323.

Atari 2600 compatibility

Hook up expansion module (2) and choose your action from the world's largest combined cartridge library!

Lightning-fast control, just like the arcades

Just roll your palm over the speedy Roller Controller (3) and watch your on-screen buddy react almost at the same instant. Spin free-rolling ball faster and the whole game tempo picks up. Table-top module has twin ports to hold regular ColecoVision controllers for keypad and fire functions. In Slither, the game that's included, you must blast your serpentine pursuers. Or play 2 new games, Front Line (H) and Time Pilot (J) sold at left.

From your easy chair, to driver's seat

The TV is transformed into the windshield of a high-performance racing machine. Before you is an incredible array of vividly detailed, hair-raising scene changes forcing you to make split-second, death-defying decisions. Table-top driving module (4) includes arcade-style steering wheel and foot-operated accelerator. Your regular ColecoVision™ controller mounts on the dash for smooth gear shifting. Turbo racing cartridge is included plus use module to play the new Destructor game (5).

Get a grip on the game

Your batter swings... ball and bat connect... it's a home run! Super Action hand-grip controllers (6) feature 4 fingertip trigger switches plus 8-direction joysticks. Speed roller lets you control game tempo. The included Baseball cartridge lets you choose close-ups of the batter-pitcher duel, insets of base action or a complete full-field shot.
